THE STATE OF NEW HAMPSHIRE
TOWN OF RICHMOND
TOWN WARRANT
MARCH 2011

The polls will open from 11:00 AM to 7:00 PM

To the inhabitants of the Town of Richmond, in the County of Cheshire, in said State of New Hampshire, qualified to vote in town affairs:

You are hereby notified to meet at the Veterans Hall in said Richmond on Tuesday, the 8th of March next between eleven (11:00) o'clock in the forenoon and seven (7:00) o'clock in the afternoon to act on the following subjects:

Article 1. To choose all necessary Town Officers for the year ensuing.

Amendments to the Zoning Ordinance

Article 2. Are you in favor of the adoption of Amendment 1 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Article 401.7 adds the delineation of the House of Worship to the Residential District. 1657 adds the definition for House of Worship, and 401.6 and 1101.1 are both amended to remove House of Worship.

401.7 – Residential District: Notwithstanding any other provision in this Ordinance, houses of worship (see definition 1657) shall be permitted by right in an area along the major highways in Richmond, NH, Routes 119 and 32, all buildings and infrastructure, including parking and impermeable surfaces shall be located on land within 500 feet of the said highways right-of- way.

1657 – Definitions: Houses of worship shall be defined as a building set apart for public worship, a venue for any religious group that can provide written documentation (501(c)(3)) that the US Internal Revenue Service has determined that it qualifies for the tax exempt status as a religious organization. Dwellings for residential purposes as a principal use do not qualify as a house of worship even if religious instruction is provided there because such instruction is considered incidental to the principal use of the structure.

401.6 – Residential District: Manufacturing, Commercial use may be permitted, by Special Exception, subject to the conditions of section 1101.1 of this ordinance. [Adopted March 12, 1996] [Revised- March 12, 2002]

1101.1 – Board of Adjustment Powers and Duties - Special Exceptions: The Richmond Board of Adjustment may, in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions to the terms of this Ordinance to permit manufacturing and commercial use in the residential district. All exceptions shall be made in harmony with the general purpose and intent of this ordinance and shall be in accordance with the general or specific rules contained in the ordinance. All lot size, frontage, setbacks and other requirements, as stated in this ordinance for residential dwellings, shall apply as a minimum to special exceptions. The board, in acting on an application, shall determine that the following criteria are met: [Revised - March 12, 1996] [Revised - March 14, 2000] [Revised - March 12, 2002]

(By Petition)

The article passed: 252 Yes; 150 No.

3. To see if the Town will vote to adopt the provisions of RSA 40:13 (known as SB2) to allow official ballot voting on all issues before the town of Richmond, NH on the second Tuesday of March. (By Petition)

The article did not pass: 213 Yes; 189 No; 3/5 majority required.

The Town voted by official ballot on changes proposed by the Planning Board to the Zoning Ordinances:

4. Are you in favor of the adoption of Amendment #1, as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Article 202-Districts: This amendment adds Aquifer Protection District (Article 7) to the list of Districts and places it in the "D" slot while moving Industrial District to the "E" slot and giving it (Article 8) as its own reference.

- A. Residential District (Article 4)
- B. Lakeside District (Article 5)
- C. Wetland Conservation District (Article 6)
- D. **Aquifer Protection District (Article 7)**
- E. Industrial District (Article 8)

The article passed: 235 Yes; 182 No.

5. Are you in favor of the adoption of Amendment #2, as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Article 202.1 Delineation of Districts: This amendment adds the delineation of the Aquifer Protection District to its list placing it in the "D" slot and moving "Industrial District" to the "E" slot.

- A. Districts (Article 4): All areas in the town of Richmond not otherwise defined.
- B. Lakeside District (Article 5): All the area within five hundred twenty five (525) feet, as measured by horizontal distance, from the high water mark of Cass Pond and Sandy Pond or any other natural or artificially impounded water body that exceeds ten acres in area.
- C. Wetlands Conservation District (Article 6): All land areas within seventy-five (75) feet, as measured by horizontal distance, of the high water mark of any pond, stream, brook, or wetland and areas identified and delineated as poorly drained or very poorly drained soils by the Cheshire County Conservation District's Soil survey of Cheshire County New Hampshire, completed in 1989. (See map.)

- D. **Aquifer Protection District (Article 7)** is the outer most edge of the surficial extent of all aquifer deposits designated by the Aquifer Map of the Town of Richmond. The Aquifer Protection District is a zoning overlay district, which imposes additional requirements and restrictions to those of the underlying base district zoning.
- E. **Industrial District (Article 8):** Location of, provisions for, and the nature of industry shall be determined by vote of the town at a town meeting convened.

The article passed: 225 Yes; 193 No.

6. Are you in favor of the adoption of Amendment #3, as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Article 7 Aquifer Protection District: This amendment replaces Article 7 Industrial District while moving Industrial District into the position of Article 8.

701 General: The Aquifer Protection District shall be the outer most edge of the surficial extent of all aquifer deposits designated by the Aquifer Map of the Town of Richmond. The Aquifer Protection District is a zoning overlay district, which imposes additional requirements and restrictions to those of the underlying base district zoning. In all cases, the more restrictive requirements shall apply.

702 Purpose: In the interest of public health, safety and public welfare, the regulations are meant to protect, preserve, and maintain existing and potential groundwater supply and groundwater recharge areas within the known aquifer from adverse development, land use practices, or depletion by implementing the Best Management Practices for Groundwater Protection.

703 Uses Permitted: Any that do not violate Best Management Practices and other related zoning regulations.

704 Special Exceptions: All uses permitted by right or allowed by Special Exception in the underlying district shall also be permitted by right or allowed by Special Exception in the Aquifer Protection District unless they are listed as prohibited uses.

705 Best Management Practices: the following are common sense regulations for protecting the Aquifer.

Residential: (see Article 4)

- a. Store hazardous and toxic substances on surfaces that will not permit liquids to pass through such as a plastic or metal tub or drip pan and have appropriate container properly labeled.
- b. Storage of hazardous and toxic substances must be secured from children, animals, weather, and water sources.
- c. When practical, refueling of lawn equipment, snow blowers, chainsaws, recreational vehicles and other equipment should be done on a surface that does not allow liquid to pass through.
- d. New underground storage of hazardous materials must be done in accordance with NH Department of Environmental Services regulations. Existing underground storage may be repaired or replaced using the then current allowable technologies in accordance with NH Department of Environmental Services regulations.

Commercial

- a. Store hazardous and toxic substances on an impervious surface.
- b. Store hazardous and toxic substances in appropriate containers, with proper labels.
- c. Storage of hazardous and toxic substances must be done in accordance with NH Department of Environmental Services regulations.
- d. A drip pan must be placed under hazardous and toxic containers equipped with spigots, valves or pumps.
- e. Fueling, transferring fuel or hazardous substances shall be done on an impervious surface.
- f. Work sinks must discharge in accordance with NH Department of Environmental Services regulations.
- g. Spill control materials, such as absorbents as well as emergency response instructions, must be readily available at all storage areas.
- h. All construction vehicles must be equipped with spill containment kits located in the vehicle.

The article passed: 214 Yes; 197 No.

7. Are you in favor of the adoption of Amendment #4, as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Article 15—Definitions: This amendment adds the following definitions related to the previous three amendments concerning the Aquifer Protection District.

Animal Feedlot – A commercial agricultural establishment consisting of confined feeding areas and related structures used for the raising of livestock.

Aquifer – For the purpose of this ordinance, aquifer means a geologic formation, group of formations, or part of a formation that is capable of yielding quantities of groundwater usable for municipal or public water supplies.

Groundwater – All water below the land surface in the zone of saturation or in rock fractures capable of yielding water to a well.

Groundwater Recharge – The infiltration of precipitation through surface soil materials into the groundwater. Recharge may also occur from surface waters, including lakes, streams and wetlands.

Hazardous or Toxic Material – Material which may pose a present or potential hazard to human health or the environment when improperly stored, transported or disposed of or otherwise managed including without exception hazardous materials identified and listed in accordance with the Resource Conservation and Recovery Act of 1976.

Examples of hazardous materials include:

1. Toxic (poisonous)
2. Flammable (paint, varnish remover, solvents and oils)
3. Reactive
4. Corrosive (acids and bases)

Impervious Surface – Not letting something through; not allowing passage into or through something.

Leachable Wastes – Waste materials, including solid wastes, sludge and agricultural wastes capable of releasing contaminants to the surrounding environment.

Mining – The activities performed in the extractions of minerals including the excavation of pits, removal of mineral, removal of dimension stones, disposal of overburden and the construction of roads for the haulage of mining material.

Process Water – Wastewater from an industrial process.

Recharge Areas – The land surface area from which groundwater recharge occurs.

Saturated Zone – The zone beneath the land surface in which all open spaces are filled with water.

Site Coverage – The portion of the entire parcel or site, which through the development of the parcel is rendered impervious to groundwater infiltration.

Sludge – Residual materials produced by water and sewage treatment processes and domestic septic tanks.

Solid Waste – Any discarded or abandoned material including refuse, putrefactive material, seepage or sludge as defined by New Hampshire Solid Waste Rules HEP 1901.03. Solid waste includes: solid liquid, semi-solid or gaseous waste material.

Surficial – Relating to surface: relating to or occurring on a surface, especially the surface of the Earth.

The article passed: 221 Yes; 188 No.

8. Are you in favor of the adoption of Amendment #5 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Article 4 Residential District: Livestock Facilities: This amendment adds Livestock Facilities (408) to Article 4.

408 Livestock Facilities: Livestock/Farming Activities are permitted uses within all districts as long as all set back and Best Management practices as well as any other related zoning regulations can be satisfied.

408.1 No barn shelter or building used for boarding/housing of said animals or the storage of feed and supplies shall be located closer than sixty (60) feet from any property line. Enclosed barn or open 3-sided roofed, shed or shelter preferably facing south shall be required. Providing adequate space for each animal to lay down by November 1st of each year through April 15th of each year.

408.2 Properties that board/house large animals shall have a properly sited manure storage area or structure. Avoiding areas where surface water (streams, rivers, lakes, ponds or wetlands) are present or where runoff from land, building roofs or other surface would transport nutrients from animal waste to surface water.

a. Field Stacking: No direct runoff to surface water. Must be outside of _____ the protective radius around drinking water wells (75 feet for private wells; up to 400 feet for public water supply wells, and 60 feet from property lines). Site should be alternated periodically so as not to create Nutrient “hot spots”.

b. Manure Storage Structure: Where properly sited field stacking is not an option, adequately constructed and sized storage structure should be constructed. In most cases, three-sided storage structure on a concrete pad is preferred. Sides made of blocks or heavy planks. When challenging environmental conditions are present on a site, for example - steep slopes, a nearby well, or compacted soils are present – a roof is also desirable. USDA NRC’s, the County Conservation Districts or UNH Cooperative Extension can be consulted for storage capacity calculations and construction methods for storage structures.

c. Animal carcasses shall not be stored any closer than: At least 100 feet and up to 300 feet from any property line or surface waters.

At least 200 feet and up to 400 feet from wellhead.

At least 4 feet above the seasonal high water mark.

At least 150 feet from inhabited buildings and an abutting property.
At least 50 feet from public roads.

408.3 The area used for grazing, exercising or training of said animals shall be securely fenced to prevent the animals from straying or suitable restraints shall be provided to prevent straying. When streams, ponds, springs or wetlands exist on a site, access of large animals should be controlled by the use of fencing or other means to allow only drinking.

408.4 Pet Waste: Commercial kennels, breeding facilities, and pet day care facilities must have a plan for short-term storage and regular removal of pet wastes from the premises.

408.5 Commercial pet facilities that have outdoor runs or pens shall pick up droppings on a daily basis. Outdoor runs and pens will be sited on flat areas and avoid areas subject to surface runoff.

408.6 Kennels/outdoor pets must be provided a cover/doghouse for protections from insects, wind, sun, rain, snow and cold temperatures, following the Best Management Practices.

The article passed: 210 Yes; 196 No.

9. Are you in favor of the adoption of Amendment #6 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Article 15 - Definitions: Adding the following definitions:

Commercial Kennel — means any person, business, corporation, or other entity that sells or transfers 10 or more litters or 50 or more puppies in any 12-month period.

Controlled Access — means that the ability of animals to cross or enter wet areas should be limited to allowing them access for drinking, or for crossing at a particular point.

Farm Buildings — Farmhouse, barn, shelter, building or group of farm buildings.

Farming Activities — May involve full-time or part-time farmers.

Field Stacking — Concentrated area where manure is stored.

Kennel — Dog boarding or breeding place facility, a place where dogs are bred and trained and where people can leave their dogs while they are away.

Large animals/livestock — Including but not limited to: horse, beef cow, dairy cow, goat, pig, sheep, llama or alpaca.

Livestock/Farming Activities — an area of land where animals are reared/housed for private/commercial purposes, together with appropriate buildings.

Manure — Means the excreta of animals including poultry that are kept or harbored as domesticated animals together with bedding materials used in housing such animals.

Nutrient "hot spots" — Places where nitrogen and phosphate build-up to excessive levels.

The article passed: 210 Yes; 199 No.

10. Are you in favor of the adoption of Amendment #7 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Article 202 Districts: This amendment adds "Middle Town district (Article x)", where x will be a new article to be placed before the Industrial District and the Zoning Ordinance will be re numbered. A description will also be added in section 202.1 shown in bold. (Numbering will be determined by amendment 1 being passed)

For the purpose of this ordinance the "Town of Richmond Zoning Map" shows a division of the town into the following districts:

- A. Residential District (Article 4)
- B. Lakeside District (Article 5)
- C. Wetland Conservation District (Article 6)
- D. **Middle Town District (Article x)**
- E. Industrial District (Article 7)

202.1 Delineation of Districts

- A. Residential districts (Article 4): All areas in the town of Richmond not otherwise defined.
- B. Lakeside District (Article 5): All the area within five hundred twenty-five (525) feet, as measured by horizontal

distance, from the high water mark of Cass Pond and Sandy Pond or any other natural or artificially impounded water body that exceeds ten acres in area. [REV- March 12, 1996]

C. Wetlands Conservation District (Article 6): All land areas within seventy-five (75) feet, as measured by horizontal distance, of the high water mark of any pond, stream, brook, or wetland and areas identified and delineated as poorly drained or very poorly drained soils by the Cheshire County Conservation Districts Soil Survey of Cheshire County, New Hampshire, completed in 1989. (See map.)

D. **Middle Town District (Article X): The Middle Town District is hereby determined to be all land areas within 3/4 Mile radius, as measured by horizontal distance, from the four corners (Intersection of Route 119 and Route 32) in the Town of Richmond, New Hampshire.**

E. Industrial District (Article 7): Location of, provisions for, and the nature of industry shall be determined by vote of the town at a town meeting convened.

The article did not pass: 197 Yes; 198 No.

11. Are you in favor of the adoption of Amendment #8 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Article x Middle Town District: This amendment adds "Middle Town District (Article x)", where x will be a new article to be placed before Industrial District and the Zoning Ordinance will be renumbered. (x depends on Amendment 1 being passed.)01 General: The Middle Town District is hereby determined to be all land areas within 3/4 Mile radius, as measured by horizontal distance, from the four corners (Intersection of Route 119 and Route 32) in the Town of Richmond, New Hampshire.

x02 Purpose: In the interest of public health, convenience, safety, and welfare, the regulations of this District are intended to guide construction and promote land conservation to preserve the rural character of the center of town.

x03 Uses Permitted: Are the same uses permitted in the Residential District unless otherwise restricted or permitted in this district.

The article passed: 200 Yes; 196 No.

12. Are you in favor of the adoption of Amendment #9 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Article 306 Driveways: This amendment adds the last sentence to clarify the set-back requirements.

306 Driveways: A driveway permit, issued by the Selectmen, shall be required before constructing a driveway entrance, exit or approach to any property when said driveway entrance, exit or approach is located within the right-of-way limits of any town road. In the event that the property is located on a state highway or road, an approved driveway permit from the NH Dept. of Transportation shall be required. All driveways shall be contained in the applicable permit (state or town) and said driveway shall be inspected and approved by the Town Road Agent and/or Selectmen prior to the issuance of a building permit as may be applicable. **Driveways shall be a minimum of 25 ft from the side and rear property lines and extend to the edge of the public road.**

The article passed: 209 Yes; 195 No.

13. Are you in favor of the adoption of Amendment #10 as proposed by the Planning Board for the Town Zoning Ordinance as follows:
This ordinance is added to Article 4 Residential District

STATE OF THE TOWN

2010

In 2010, the Selectmen's office went through some personnel changes. Selectman McElhiney finished up his term in March. Thanks to Sean for his diligence as Selectman for the last three years. The Board welcomed Madam Selectman Sandra Gillis. Sandra put in many hours this year as the welfare officer, and working on updates to the employee manual and job descriptions. Selectman Vaughan served as the ex-officio to the Planning Board, and Solid Waste District. Chairman Boudreau served on the safety committee and kept an eye on the town building repairs and improvement projects.

Mrs. Swanson, our selectman's assistant, left her position in March. The Board hired Roberta Fraser of Winchester to fill the vacancy. Thanks to Janel for your many hours of service and keeping the Board glued together for several years. Roberta's experience at the Winchester Town Hall has made for an easy transition.

Zoning Compliance Officer Jim Schultz resigned in June. The Board appointed Matt Drew to fill the position. Building permit fees were raised to offset the cost of labor.

Several building repair projects were completed this year.

A new door and associated structural repairs for the Library ramp entrance was installed. At the Veterans Hall, the ramp was completed by adding a paved surface to the street. Protective barriers were installed in the Tax Collector and Town Clerk's office at the Town Hall, to comply with a request from the State Department of Labor. These service windows are going to take a little getting used to for the folks on both sides.

The Selectmen sincerely thank all of the Town Of Richmond officials, employees and volunteers for your time and dedication.

Respectfully Submitted,

JC Boudreau, Chairman

TOWN CLERK'S REPORT DECEMBER 31, 2010

There were six elections in 2010.

On March 9th, the SAU 38 school election and both sessions of the town meeting were held. At the SAU 38 School election, school officials and the school budget were voted upon.

At the first session, or town election, of the town meeting, there was a turnout of 53% of registered voters. Numerous changes/additions to the zoning ordinances were also on the ballot. A question on the ballot to hold the second session of the town meeting on a day other than the day of the town election (RSA 39:2-a) passed by majority vote. This change goes into effect at the March 2011 town meeting.

The second session, or business meeting, followed the closing of the polls and after the counting of the school ballots was completed. Those registered voters attending represented 21% of the total registered voters. The proposed budget was a 16% increase from the previous year's budget. By the end of the evening, the budget had been decreased from the proposed \$879,300 to \$765,432. This was a 13% decrease from the proposed budget and a 1% increase from the previous year's budget.

There were two elections held on Sept 14th - the state primary and a special town election. Voter turnout was 36%. The question on the ballot for the special town election relating to a change in the zoning amendments was defeated.

On October 26th, a special school election was held. Voter turnout was 24%. The question to see if the Monadnock Regional School District should withdraw from the SAU 38 passed.

Lastly, the general election was held on November 4th. Voter turnout was 56%. Within the Town of Richmond, candidates from the Republican Party won the election, reflecting the mood nationally.

Richmond continues to hand count the ballots at all elections except for the school election. The Monadnock Regional School District provides, at no charge, the use of one of its ballot-counting machine. And the voters of Richmond continue to show a higher voter turnout in the election process when compared to surrounding towns.

Although the Great Recession was declared over in mid-2009, revenue in the town clerk's office continued its decline from the previous year. It dropped by 5.4%, or \$9,309. In 2009, total revenue in the clerk's office was \$170,842. In 2010, revenue was \$161,533. The number of vehicle registrations also dropped from 1,669 in 2009 to 1,601 in 2010. During the previous ten years, the peak was in 2006 and 2007 when total revenue was \$187,764 and \$187,274 respectively.

In December, a service window was installed in the town clerk's office, as mandated by the State of NH, Department of Labor. The "protective barrier" is not meant to necessarily prevent an incident from happening. Its purpose is to discourage acts of violence and to give employees additional time and space to respond to an emergency. The service window represents a significant change in how business has been conducted previously. For those who might remember, years ago we walked into Dot Robbins's dining room to register our cars or license our dogs. And then, when the town clerk's office was moved to the present Town Hall, customers and visitors alike walked down the hallway and into the office. Now, we stand on opposite sides of a wall with a window between us. But what hasn't changed is the friendly, respectful and fair treatment that everyone receives from both my deputy and myself.

In closing, it continues to be my pleasure and privilege to serve you, the residents of the Town of Richmond.

The Tax Collector's mission is to collect as much tax revenue as possible to help the Town meet its financial obligations each year.

The Tax Collector is Responsible for the preparation and mailing of the tax bills based on information contained on the current tax roll certified by the Assessing Department.

The Assessing Department is responsible for the preparation of the tax roll, assessed values, exemptions, owner's name and address, address changes and the legal description of the property.

The property owner is responsible for knowing that taxes are due and payable twice a year. If you do not receive a bill for each property owned, please contact the Tax Collector's office. If you have a mortgage company that pays your taxes, please forward the bill to them.

Our services include: Collect Property Tax, Yield Tax, and Current Use Tax.

Throughout the State of New Hampshire, the tax year runs from April 1st through the following March 31st. Assessments of your property are computed as of the value on April 1st of each tax year. These assessments will appear on your property tax bill.

There are two bills issued per year; the first bill is an estimate based on one half of the previous year's tax. This bill is mailed out near the end of May and is usually due July 1st every year. The State of New Hampshire Department of Revenue Administration sets the tax rate for the year in the fall. The final bill is calculated using the new tax rate multiplied by your property's assessed value as of April 1st, less any payments made on the first bill. Ideally, the second bill is mailed by the end of October and is usually due December 1st each year. The way education is funded changed beginning with the 1999 tax year. A town-wide reassessment was completed for the year 2010.

**TAX COLLECTOR'S REPORT
2010**

Steve M. Boscarino, CTC
Tax Collector

Denise Nolan
Deputy Tax Collector

Greetings to the Residents and Property Owners of Richmond.

As in previous years and in order to stay on top of property tax issues, Denise and I attended the following annual workshops: the regional spring workshop in Marlborough and the new tax collector workshop sponsored by the Department of Revenue Administration. I attended the annual three-day tax collector's conference which was hosted at the Portsmouth Sheraton in Portsmouth, NH. Denise completed her 3rd and final year of a three year tax collector certification course which was held at Primex in Concord; this was a week long workshop. Denise is now a Certified Deputy Tax Collector.

The town no longer requires completion and submission of the annual inventory report which eliminates the inventory penalty for non-filers.

One parcel was deeded by the town in 2010.

2010 property taxes increased by 13.27% from \$21.86 per thousand to \$24.76 per thousand. (See tables below). Second issue 2010 property tax bills were mailed out on December 28th, 2010 and were due on February 9th, 2011; by law, the earliest possible due dates are July 1st and December 1st, respectively. There were 1018 tax bills totaling \$1,427,329 that were mailed out for collection.

Again, it has been a tremendous pleasure serving the Town and its residents for another year.

Sincerely,

Steve M. Boscarino, CTC

ROAD AGENT TOWN REPORT 2010

2010 was a pretty good year over all. The low amount of snow, warm winter and the early warm spring made for a minor mud season. Winter Maintenance, always an issue, went well in the spring and fall because of the weather.

With the help of our contractors, we replaced or repaired 4 culverts. There are always a few more to do. We got all the roads graded in the spring as planned, placing gravel where needed. Fall grading was going along fine despite the extremely dry weather until we were almost finished. Then the rains came and turned all the dry gravel and dirt to mud. We never did get a chance to correct it until the cold came.

Keene Paving installed paved aprons at the Highway shed and at the driveway entrance for the new Town Hall building off Rt. 32. They removed the unused culvert at the 4 Corners side of the Fire/Police Departments. We had to get State Highway permission before we could fill it in. I hope to pave that section this year. We put paved aprons on Quaker Lane and Martin Cook Rd. We also dug out, filled, compacted and paved some serious pot holes on Whipple Hill and Tully Brook Roads.

We did some relatively major work on Fay Martin Rd. Trees were cut, with Planning Board permission, and the road widened. The rains came as we were finishing up the project. Spring will be a bit ugly until the frost leaves but I am aware of the issue and will try and stay ahead of it. We also removed two large maples allowing us to remove a narrow corner and straighten that section of road. In conjunction with this work we removed 4 stumps that were within the right away. We also removed brush, stumps and dirt from a section of ledge.

When my proposed budget was cut so severely at Town Meeting I had to forgo the total replacement of the street, stop and related signs to allow compliance with the Manual of Uniform Traffic Control Devices and Homeland Security rules. We have until December of this year to bring the Town into compliance. In addition to the larger (4") Retro-reflective street signs we need 19 stop signs and 13 other signs such as speed limit and dead end, etc. plus whatever posts are needed to be in compliance.

Planned work is the replacement of the culvert on Green Woods Rd. More work on Fay Martin Rd and further brush cutting. Lang Rd is the primary issue. That road has been neglected for a long time. I plan on placing additional gravel on that road. I also want to place gravel in bad spots on Turnpike, Whipple Hill and Morgan roads.

I am proud to say I am only 6 training hours away from achieving the Master Roads Scholar award from the UNH Technology Transfer Center, Local Government Center. I will complete that designation this spring.

It has been my pleasure to serve you in 2010 and I look forward to serving you through the 2011 year. The Town cell number is 209-9164. Feel free to call any time. I always return any calls I receive. Or, as some already do, use my town email, roadagent@richmond.nh.com.

TRUSTEES OF TRUST FUNDS

During 2010 the Trustees met to approve and sign the MS9 & MS10 documents for the Attorney General's Office. After Town Meeting we met to welcome Geraldine Lutz as Trustee, and review Town Meeting appropriations. We chose positions and discussed different aspects of those positions. Appropriations were transferred by the Selectmen in September. Funds were expended from the Municipal Renovation; Radio Equipment, Cemetery Common Trust and the E.R. Howard Memorial Trust. Geraldine Lutz resigned her position December 23rd 2010. This created 2 open positions to be filled for 2011.

Richmond Public Library 2011 Annual Report

The Richmond Public Library continues to be an important resource for our small community, especially during these difficult financial times. There have been substantial increases in almost all areas, including participation in the story times and summer reading program, adult programming, circulation of materials, the use of interlibrary loan, the computers, and high speed wireless internet.

Our children's program continues to change with more offerings and variety of times. Monthly preschool story hours on Saturdays continued through October with early childhood educator Gwyn Powers. Thanks go to Gwyn for offering this story time for several years! Starting in January, we began offering a "Pajama" story time led by Wendy on the first Tuesday of the month, which has met with great success. In September, Evelyn Pogorzelski took over the "Pajama" story time, assisted by Deb Watson for snacks and crafts. Wendy began offering weekly Wednesday morning story times in November, which also have been well attended. We also added monthly visits in April from Kodah, a therapy dog from Monadnock Therapy Pets. Kodah loves being read to by children, and offers a patient and nonjudgmental ear for our younger or reluctant readers. The monthly story time for the younger students from the Immaculate Heart of Mary School continued during the school year. As always, if you would like to have a story hour or other program for your day care, home school group, or other children's group, just let us know. We would be happy to come to you!

This year we used the national summer reading program for the first time, following the theme, "Make a Splash-READ!" Fifty children signed up for the 2010 program, and thirty-three completed it. We began the program in June with a great time under the Pavilion with summertime crafts, games, and of course, pizza! Then in August we held a wrap-up party with games and awards were given to those children reading the most books in their age group. A sundae bar was enjoyed by all.

We are pleased to report that circulation of materials has increased from 7,001 items in 2009 to 7,730 in 2010. Our automated system is entirely on-line with a total of 11,677 items. In 2011 we are hoping to move to an online catalog where you can check on the status of a book from home. In addition, our use of the state interlibrary loan system continues to increase, as we borrowed a total of 558 items and loaned 197 items to other libraries throughout the state. This is opposed to 480 items borrowed and 207 items lent in 2009. This is a wonderful service for a small library, as this system allows us to borrow a variety of materials we could otherwise not afford.

Use of the patron computers almost doubled to 711 visits over the course of the year, thanks to the addition of a second computer. In addition, the Library has free high speed wireless access for laptop users, which extends out to the parking lot and Pavilion 24/7. Patrons are welcome to call the Library to reserve either patron computer for a ½ hour time slot. As always, parents are encouraged to come in with their children and supervise Internet sessions.

New this year was the addition of adult programming. With the assistance of a New Hampshire Humanities Council grant, we were able to provide a presentation by Marina Forbes on Russian Faberge eggs. We held a "March Madness" open house to invite the community to come and discover our Library. An organic gardening class led by Tracey Tryba was also well attended. For the first time, we had a Veteran's Day open house to honor all local veterans and their families. And finally, in December great fun was had at the patron-wide and volunteer party. The Great Cookie Exchange Caper. This year we honored the volunteer service of Elaine Moriarty by establishing the Elaine Moriarty Volunteer of the Year Award.

Richmond Day was once again a great deal of fun and a successful fundraiser for the Library. We had another fantastic year with the book sale and silent auction, raising \$680 for new book purchases! A huge thank you goes out to Patty Budzik, Bonnie McCarthy, Tracey Tryba, Anthony Marinello and Tim Elkins, who helped to set up; Carol Oxx and Gwyn Powers who helped during the day; and to Shelia and Samantha Zahaykevitz and Steve and Susan Wyatt who helped clean up. A big thank you also goes to Tracey who solicited so many of the wonderful prizes for the silent auction. Thanks also go to the area businesses and individuals who donated items for the silent auction: The Colonial Theatre, The Works, Prime Roast, Stonewall Farm, Toadstool Bookshops, Panera, Bonnie McCarthy, Terri O'Rorke, Marie Juhlin and Elaine Moriarty. Thank you!

Our bake sale and expanded raffle continued to be a great success under the supervision of Elaine Moriarty, raising around \$450 to support the purchase of books and materials for our children's room. Thanks go out to the members of the Bake Sale Committee who put such an effort into baking, setting up, taking down, and maintaining the table throughout the day. Special thanks go to the raffle contributors who include: Windswept View Christmas Tree Farm, The Herb Barn, Mary Jo Vaine, Bonnie McCarthy, Elaine Moriarty, Marie Juhlin, and Terri O'Rorke and Deb Watson. And thanks go out to all of our patrons who took the time to bake and donate items for the sale. It is greatly appreciated!

Our volunteer help is not just restricted to special events. Many volunteers give their time during the week at the Library to help keep things running smoothly. Susan Marsden and Marie Juhlin lend their creativity to make our display table and bulletin board shine. Abby and Gabrielle Connell shelve returned books on a weekly basis. Marie Juhlin assists with Library coverage and general duties. We are always looking for volunteers, ranging from a once a year commitment to help with our book and bake sales, monthly help with our display table and bulletin board, or small weekly commitments to help shelve and cover books. Volunteers help make our Library the very special place it is. Please stop by and visit soon!

Sincerely,

Wendy O'Brien, Librarian

Richmond Archives Report 2010

As the “recession” continued in 2010 a number of items in town budgets and warrant articles were not passed by voters at the annual March Town Meeting. The petition warrant article for an addition to the Richmond Public Library and Archives was turned down. This article would have helped to provide space and solve some of the remaining safety problems of both facilities. Perhaps some other year another article will be considered.

Thank you to all who have contributed materials to the archives pertaining to Richmond’s history. We are pleased to have originals of several items from many years ago to add to our collections. All historical contributions add value to the collections.

An apology is extended for not having a new annual archives program this year. This was due to time, health and volunteer constraints. We hope 2011 will be better.

Research continues to aid those searching for their “roots”. In “digging” much comes to the surface to enlighten our curiosity and piece together world events with family history. It is interesting to meet new people who add to Richmond’s history.

Our grateful thanks for all donations on behalf for work done to answer your questions. It is a pleasure to serve in this capacity. There is always archive work to be done. Although it is too cold and no space to work in the achieves we are graciously allowed to work in the Civil Defense Building when it is available, and when the heat is on. We can spread out our materials and can work very easily there.

Thanks to all who have contributed over the years to save Richmond’s history for future generations. The archive is opened by appointment (603-239-4598).

Town Report

The Police Department has seen changes in personnel yet again this year. This has been an increasing trend and it is very difficult to maintain staffing. Officer Nathan Jette resigned from the department this year. In November we hired Victor Malavet. Victor is a certified part-time officer. He has a significant background in working with juveniles. Victor came to us from the Winchester Police Department. Victor is a full-time Sergeant with Keene State Campus Safety. He lives in Keene.

The Police Department continued to be busy throughout the year. We covered many traffic accidents. We made a number of arrests and conducted numerous criminal case investigations. This year the County experienced a rash of burglaries and Richmond was not spared. The Police Department, along with the State Police, investigated more than 10 daytime burglaries that occurred throughout the fall and into the winter. Most of these burglaries targeted electronic equipment and games, firearms and coins. Our investigations revealed that the suspects targeted houses that were empty during the day. We have attempted to be very active in patrolling side roads during the day, but this is very difficult with the demands of our full time jobs.

On January 14, 2011 Sgt. Bosquet and I were actively patrolling our secondary roads. Through proactive police work, Sgt. Bosquet spotted a vehicle matching the description we had been given on recent burglaries. Sgt. Bosquet attempted to stop the vehicle but lost sight of it on Morgan Road. Sgt. Bosquet provided me with a description of the vehicle and its occupants. I located the vehicle on Route 119 near County Road. I attempted to make a motor vehicle stop on the car when the driver led me on a short pursuit before losing control of the vehicle as he was turning on Fish Hatchery Road and crashing into the snow embankment. I took the passenger of the vehicle into custody but the driver fled into the woods. I called for assistance from Winchester Police, Swanzy Police, Fitzwilliam Police, Cheshire County Sheriff's Department, and the NH State Police. I saw a basket filled with electronics, games and change in the backseat of the car, which was consistent with items that had been taken in prior burglaries. The State Police K-9, Ranger, along with Trooper Stephen Lee responded to Richmond from Claremont and began to track the subject. Officers from the NH Fish and Game as well as Harrisville and Troy Officers later joined the tracking efforts. The track ended approximately 8 miles through the woods and snow after Trooper Lee spotted the suspect and deployed Ranger as the suspect attempted to run away. It was confirmed that the suspects had just committed burglaries in Richmond as well as Fitzwilliam. Further interviews of the suspects revealed that they have been involved with between 10 and 100 burglaries in Southern New Hampshire and these arrests may lead to solving burglaries in Vermont and Massachusetts as well.

I attribute this to proactive police work on the part of the Richmond Police Department. It is obvious to me that the need to have someone here full time has become more vital now than ever before. With the economy continually placing more and more stress on people, crime will continue to increase and we will see more of these crimes happening.

As I have stated in the past, the Town of Richmond should be proud of the quality and dedication of its police officers and its support staff. I want to thank Police Commissioner, Kim Mattson for her knowledge and help throughout the years. I also want to thank the Richmond Fire & Rescue, the NH State Police, and Cheshire County Sheriff's Office for their help this year.

I will leave you with a few thoughts that I have embraced over my career in law enforcement and feel that they are an important part of what we strive to accomplish here in Richmond.

It takes a strong man to stand up for himself, but it takes a stronger man to stand up for others!!

Remember that crime does not start nor does it stop at the edge of town. Be aware of your surroundings and the people in it. Please report all suspicious activity no matter how small it is. This will hopefully be a deterrent to criminal activity.

THE RICHMOND RESCUE SQUAD REPORT

2010 was a busy year for the Rescue Squad. We responded to 63 emergencies, of which 15 were motor vehicle crashes. The other 48 calls were medical and trauma emergencies. We continue to support our firefighters at fire scenes and when needed help with traffic control when Mother Nature drops large trees and live wires on our highways. We were able to increase everyone's safety through the purchase of a "Multi-gas Meter", which monitors the atmosphere for poisonous and combustible gases and also alarms when the oxygen level is too low.

The Richmond Rescue Squad sponsored a Winter Wear Drive. It was the brainchild of EMT Heather Remick and was well received. People from many neighboring towns donated coats, boots, hats & mittens to be distributed to those who had need of them.

An EMT Basic course was given at the fire station, from September through November. We are hoping to swell our ranks with new faces, not to mention extra pairs of hands! Several members of your Rescue assist the Winchester Ambulance, so if you should see one of them go past the fire station and hurry on they are probably headed to help someone in Winchester.

As always, we are very thankful for the continuous support we receive from the town and the families of our volunteer members. Volunteers are a precious resource to any town. May the year 2011 be a safe and healthy one for all!

The Richmond Rescue Squad

CEMETERY REPORT

First we would like to thank the maintenance crew for their support this year, a job well done. We continue to straighten a few of the headstones each year to prevent damage from falling over. Clean-ups were done in Benson and Aldrich cemeteries. This is something we hope can be accomplished each year hereafter.

Sign posts were installed in Middletown, and Earl R Howard Sections II and III by Keene Monument with the labor to install (\$25 each post) donated by them. The signs should be ready to install by the end of this year or soon thereafter. Dick Drew designed the layout of the gravesites in Earl R Howard Sect #2 and the cemetery opened for the sale of plots in August 2010. Cemetery Rules and Regulations have been updated and are out on the Richmond website. The plot cost has been increased as well as the availability of half plots for cremations at half the cost.

There were six burials and seven (7) plots were sold this year; one in the green burial section. several calls continues to be received on the concept of the green burial cemetery.

Two dead trees were cut down and removed from Old South. The statè was cutting down a tree on the property next to South Cemetery, so the representative was approached to see if they would be able to cut down the trees along South Cemetery at no cost to the town, he seemed to think that it would be possible because they were constantly trimming them back. We need to follow-up on this next year. Depending on the weather and availability of funds, the removal of the dead trees and shrubs in the Southwest corner of Middletown will be done by the end of the year or early next year.

Thanks to the residents of the town for providing the funding for this work to be done.

2010 Annual Report

The Richmond Conservation Commission held its regularly scheduled meetings, work sessions and public informational meetings.

A work project was conducted at the Bennett Town Forest including the removal of inferior trees and brush from the knoll at the forest entrance to improve the aesthetics of the site and enhance the historic cellar hole at the location. Future work projects will be conducted to further enhance the entrance to the Bennett Town Forest.

The Richmond Conservation Commission has been working with the Richmond Preservation Committee in an exploratory capacity to inspire interest among town residences to approve the formation of an Agricultural Commission which would act in an advisory capacity to promote the interest of agriculture pursuits in the Town of Richmond. An article will be presented in the 2011 Town Meeting to authorize the selectmen to appoint said committee.

In November Mr. Stephen Taylor, former Commissioner of Agriculture, made an informative and interesting presentation on the "Great Sheep Boom" during the early 1800's in NH. The meeting was funded by the N.H. Humanities Council and co-sponsored by the Richmond Historical Society, Richmond Preservation Committee and the Richmond Conservation Commission. It was held at the Veteran's Hall and included a pot luck supper with 36 people attending. The presentation focused on how the sheep boom influenced agriculture, land use, architecture and the economy of various communities.

As a reminder, The Richmond Conservation Commission holds its regularly scheduled meeting on the 1st Thursday of every month at 7 PM at the Civil Defense Building unless otherwise posted.

RICHMOND PLANNING BOARD 2010 REPORT

Your Planning Board was very busy this year. We worked on the Master Plan, Zoning Ordinances, subdivisions, site plans, and a proposed new commission.

The Master Plan is now complete and available for public viewing on line as well as at the Town Hall. Peter Majoy is still heading up the committee that oversees the review process that is a part of keeping the plan up to date and relevant to our town's needs and wishes.

The Planning Board proposed a change in the zoning ordinance to address the location of houses of worship in Richmond without restriction. The article was defeated at the town meeting in September. Another article has been proposed for the March town meeting. We have been advised by Town Counsel that we need to change our zoning to comply with the federal law RLUIPA (Religious Land Use and Institutionalized Persons Act).

Several meetings were spent on reworking the conditions of approval for the Saint Benedict Center's site plan. Attorney Tower, Town Counsel, was present at several of these meetings. We believe that these revised conditions will meet the requirements of the court, Saint Benedict Center, and the town.

The Aquifer District was passed at Town Meeting in March and has been added to our Zoning Ordinance. The new ordinance is a very positive step in protecting our water resources.

Two subdivisions were approved on Fish Hatchery Road that created two new building lots and a conservation easement. The site plan was approved for KJK Wireless to construct a cell tower on Old Turnpike Road in the western part of town. This is a welcome addition for those of us who need reliable cell phone service.

The Planning Board is supporting the creation of an Agricultural Commission as proposed by the Conservation Commission. This new organization will be a non-regulatory advisory commission made up of people in town who are active in agriculture such as forestry, farming, and raising farm animals.

We also supported the Board of Selectmen in the creation of the position of Zoning Compliance Officer. This person will help the BOS in the building and occupancy permitting areas.

The planning Board has hired a new recording secretary to take minutes at our meetings and the Zoning Board's meetings. Sundee Powers has had eight years experience as the recording secretary for the City of Keene's Planning and Zoning Boards.

Butch Morin has been appointed by the Planning Board to the position of Commissioner to Southwest Regional Planning Commission. Butch will represent us at meetings of the Regional Planning Commission and report to us on their activities concerning new rules, laws, and available aid to town planning and zoning boards such as training or possible program funding.

Several members of the Planning Board attended Land Conservation Leadership training sponsored by the Monadnock Conservancy. This training will help us to recognize conservation opportunities in zoning ordinances and land planning.

Respectfully submitted,

Your Planning Board,

Richard Drew, Chairman; Rick Lewis, Vice Chairman; Marcus Beauregard, Secretary; Wes Vaughan Selectmen's Representative; Norma Thibodeau, Robert Coy, Peter Majoy. Alternates: Bill Watt, Geraldine Latz, and Butch Morin.

RICHMOND RECREATION COMMITTEE

We would like to say thank you to Tina Thayer for her for her many years of single-handedly running the Recreation Committee and for doing such a terrific job!

In October we were informed that there was a need for members on the recreation committee. Thinking of all the children in Town and how much fun we could have, we were happy to join this committee and do what we could to provide entertainment. Our first priority was the annual Halloween party. There were games and snacks and of course a lot of creative costumes. Forty three children attended and it was a great success.

The Christmas celebration was next on our agenda. Thanks to Pastor Chin and The Richmond Community Church for the projection screen, the children attending were treated to The Polar Express while eating delicious pizza and snacks and creating crafts. This was the first time the recreation committee has held a Christmas celebration and everyone had a great time.

This year our plan is to expand on the parties we already have and to add some more good times. Along with Christmas, Halloween and the summer kick-off parties we are planning on an Easter egg hunt and some all- community evening dinners.

We would like to thank the citizens of the Town for all of your support and for allowing your children to be part of such great traditions. We look forward to celebrating with you and your children in 2011.

Sincerely,

Heather Remick and Julie Swanson

WINCHESTER SOLID WASTE MANAGEMENT DISTRICT REPORT

The Solid Waste District budget is a shared expense between the towns of Winchester and Richmond. This shared cost is based on the latest population figures available from Concord, which this past year had Winchester paying 79% and Richmond 21%. The largest line item in the budget is the contract with Monadnock Disposal, which represents over 75% of all expenses? There is a direct correlation with the amount of Municipal Solid Waste (household rubbish) and future contract negotiations with M.D.S. Please recycle!

The following is a list of materials and approximate amounts handled at the Transfer Station:

Municipal Solid Waste (3.5% Inc. over last year)	1,453.46 Tons
Mixed Paper and Cardboard	183.23 Tons
Co-Mingled (Tin, Aluminium, Plastic)	54.24 Tons
Metals	65 Tons
Glass	68 Tons
Tires	3.5 Tons
Used Clothing	4 Tons
Compost	180 cu. Yds.
Waste Oil	900 Gallons

The District is required to monitor the old capped landfill including testing of surface water, ground water and methane gas 3 times per year. All continue to yield good results. Other duties include: survey settlement platforms, check for erosion (loam and seed if needed), check and clean drainage swales. Twice a year reports are sent to the Department of Environmental Services. We are pleased to inform everyone that everything is in good condition. Another responsibility is to inspect the brush pit area for illegal materials such as plywood, painted or stained wood, pressboard, plastics etc. Only brush less than 5" and clean wood is accepted for burning.

Hazardous waste will not be accepted at the facility. Residents can take advantage of the household waste collection days at the Keene Transfer Station on Rt. 12 North. No cost is associated with this program to the homeowner because it is funded through a grant and a line item in the budget. A partial list of hazardous items you may have in your home would include lead-based paint, antifreeze, turpentine, brake fluid, pesticides, penetrating oil, coal starter, thermometers, fluorescent lamps, thermostats, mercury button cell batteries, switches and relays. Dates and times are advertised in the Keen Sentinel and Monadnock Shopped, or ask the attendant.

Stickers to gain access to the facility are available at the Transfer Station as well as both Richmond and Winchester Town Halls. The cost is \$20 for the first sticker per household and \$1 for a second vehicle at the same residence. They are valid from October 1st through September 30th each year.

Town of Richmond
Board of Selectmen
105 Homestead Highway
Richmond, NH 03470

ATTN: Roberta

Dear Board of Selectmen:

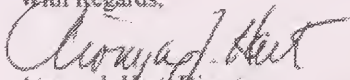

This letter is to request one thousand dollars (¹⁰⁰⁰~~3500~~) in funds from the town of Richmond from the 2011 budget for the Monadnock Region Child Advocacy Center (MRCAC).

Since opening February 2007, our organization has assisted more than 100 children and their families in the past year. Monadnock Region Child Advocacy Center continues to provide support and services to abused children and their families living in Richmond for free. Still, more support is needed to continue providing a much needed service to abused children in your community. Child sexual abuse is more prevalent than most people realize: 1 in 4 girls and 1 and 6 boys is sexually abused before age 18. Consequences of child sexual abuse begin affecting children and families immediately. They also affect society in innumerable and negative ways. These effects can continue throughout the life of the survivor so the impact on society for just one survivor continues over multiple decades. Try to imagine the impact of 39 million survivors.

The mission of the MRCAC is to provide a neutral setting that allows trained personnel from law enforcement, the Cheshire County Attorney's Office, Department of Children, Youth and Families (DCYF), crisis centers, medical providers and mental health professionals to jointly investigate alleged child abuse. We do this by providing a safe, controlled environment for the evaluation of child abuse and exploitation, coordinating services to victims and families while reducing the long-term effects that abuse has on children, their families and society.

With your support, MRCAC can continue to provide services and advocacy for child abuse victims living in Richmond. This February the MRCAC will celebrate its 4th year of service to Cheshire County. I personally thank you for making that possible.

With Regards,

Atonya J. Hart, Director

Board of Selectmen
105 Old Homestead Highway
Richmond, NH 03470

Dear Selectmen:

Enclosed please find the Home Healthcare, Hospice and Community Services Annual Report to Richmond. The Annual Report includes statistical and financial information about the services provided to residents this year. We hope you will consider including this information in the Town Report to let residents know about the services that are available to them.

If you would like the report submitted electronically for this purpose, please contact me.

In 2011, we are requesting an appropriation of \$1,500.00 to continue home care services in Richmond. Services will include visiting nurses and rehabilitation therapists that help residents to recover at home, and support services that assist those with chronic illnesses and long term care needs to remain independent at home. In addition, Nurse Is In clinics, prenatal and well child care, geriatric care management and hospice services are available to residents.

Home Healthcare, Hospice & Community Services makes every effort to seek funding for patient care from a variety of sources; the town continues to be the payer of last resort. The town's assistance is critical to continue care to residents and allow them to remain at home and in the community.

Thank you for your consideration of our request. Please do not hesitate to contact me at 352-2253 if you have any questions about our services or this request.

Sincerely,

Susan Ashworth

Southwestern Community Services

Over 40 years of people helping people in Cheshire and Sullivan counties

October 15, 2010

J.C Boudreau, Chair
Board of Selectmen
105 Old Homestead Highway
Richmond NH 03470

Dear Chairperson Boudreau,

We at Southwestern Community Services, Inc. wish to thank you once again for last year's appropriation for our agency.

As we have in years past, we are asking the local communities with which we work to consider a small appropriation to assist with our outreach effort. Although our costs have risen, as have yours, I am sure, we are trying to keep our new request as low as possible, knowing that resources are limited.

I am enclosing an updated list of resources and services that Southwestern Community Services delivered to the residents of Richmond during the past year. Upon completion of your review, we respectfully request that we be placed on your town warrant to ask the voters to appropriate the sum of \$950. This will allow us to continue the outreach and service delivery in Richmond at the same level as in the past.

We look forward to continuing the excellent working relationship that we have had with Richmond over the past forty-plus years.

In closing, I would be happy to meet with the Board of Selectmen or Budget Committee, or any group you suggest in an effort to further detail the significance of our request.

I can be reached at (603) 352-7512, extension 4123. I look forward to hearing from you in the near future.

Sincerely,

David W. Osgood, Deputy Director

Board of Selectmen
Town of Richmond
105 Old Homestead Highway
Richmond, NH 03470

Dear Selectmen,

As you know, Monadnock Family Services is actively serving members in your community through the provision of quality mental health counseling services to anyone who needs them regardless of their ability to pay. MFS offers a variety of services for persons who experience a range of personal mental health problems, including mental illnesses, emotional and psychological issues. Our substance abuse programs help people to develop new healthy behaviors and to make positive changes in their lives, while our family programs give new mothers the tools they need to bring happy and healthy children into the world. MFS also offers prevention services for youth at risk of substance abuse and mental health problems.

The cost to MFS to serve uninsured persons has increased steadily with more people seeking help and care, but who cannot afford to pay. Your ongoing support of our work is deeply appreciated, and we hope that our partnership in caring for the residents of Richmond will continue. We pursue many other sources of funding, such as The Monadnock United Way, grants and conduct additional fundraising efforts through our Board of Directors. Each source helps with only a portion of the total cost of care.

We thank you for your many years of financial support and ask for your continued allocation to help underwrite the cost of services we provide to the uninsured and underinsured individuals in your community. Therefore, based on figures from the 2009 population estimates from the NH Office of State Planning, we are asking for the equivalent of \$1.25 for each resident of the town, which for the town of Richmond, amounts to \$1,443. We have enclosed information for you about the services provided to residents of your town. If you have questions, or would like more information provided, please feel free to contact Meredith Lynch at 283-1574.

Again, your support is very important to us. By working together, we help to ensure our communities remain healthy and vital places to live, work and grow. Thank you for your consideration.

Sincerely,

Jayme Collins

J. Boudreau
Board of Selectmen
Town of Richmond
105 Old Homestead Hwy.
Richmond, NH 03470

Dear J. Boudreau,

On behalf of Court Appointed Special Advocates (CASA) of New Hampshire, I am writing to respectfully request your consideration for inclusion in the Town of Richmond's 2011 budget.

CASA of NH is a private, statewide, not-for-profit organization dedicated to the recruitment and training of volunteers who advocate in the best interest of abused and neglected children in New Hampshire's courts. CASA volunteers, with proper training and close supervision, give these children voices so their needs can be met. When possible, these volunteers help children reunite with their families. If this is not an option, they work so a permanent home can be found.

During these difficult economic times many families are left with limited financial and emotional resources. These stressors can lead some parents to take their frustrations out on their children emotionally, physically or through severe neglect. Being the victim of child abuse and neglect changes lives forever. This is where CASA steps in. With the focus of the CASA volunteers directed toward the best interest of these children, we are helping to stop the cycle of violence.

In FYE 2010, CASA of NH has served 1170 abused and neglected children across the state. These children and their families are part of the fabric of the Richmond community. They attend your schools, live in foster homes or with extended family members and utilize other community supports.

Financial support from the Town of Richmond will help provide CASA with the ability to speak up on behalf of those who can not speak for themselves. Last year, 21 Cheshire County citizens; your neighbors, your co-workers, your friends, traveled over 27404 miles and expended nearly 2650 hours advocating for the most vulnerable in your community.

We respectfully request to be included in your 2011 budget in the amount of \$500. Working together, we can help children grow into adults who are healthy and active citizens in the Town of Richmond and across New Hampshire.

For additional information, please call 626-4600 or visit our website, www.casanh.org.

Sincerely,

Marcia Sink, President and CEO
